

## U. S. FLYERS' BODIES ARE FOUND BURIED ON MEXICAN COAST

Two Lieutenants Disappeared  
While Patrolling Arizona  
and California Border.

NOGALES, Ariz., Oct. 2.—The bodies of two men drowned in army uni-

forms and with insignia of the Aviation Corps in their pockets, found buried on the beach of the bay of Los Angeles, Iwer California, about 200 miles south of San Diego, are believed to be those of Lieuts. Frederick B. Waterhouse and Cecil H. Connelly, according to a report made to military authorities to-day by Joe Allen Richards of Chicago, on his arrival from Guaymas, Mexico.

Lieuts. Waterhouse and Connelly disappeared six weeks ago while on border patrol duty between Yuma, Ariz., and San Diego. According to Richards the bodies were found by him and William Rose, both Americans, when they landed on the Bay of Los Angeles, from the steamer Navari Sept. 23, to get water. In the men's pockets were insignia of the aviation corps and jewelry

which Richards and his companion took as a possible means of identification. Richards said the Mexican authorities at Santa Rosalia took the jewelry from them. Included in the jewelry, he said, were gold cuff links engraved with the initial "C". The bodies were re-buried, he said, as identification was impossible.

Lieuts. Waterhouse and Connelly left Yuma, Ariz., for their border patrol flight to San Diego, August 20, and were scheduled to arrive at their destination that night, but never were seen again. A thorough search was made by aviators, but no trace of them was ever found.

## POLITICAL CLUBS ASKED TO AID IN WAR ON FOOD COST

1,000,000 Pounds of Army  
Bacon to Be Sold to Con-  
sumers at 35 Cents.

Plans for the distribution of 1,000,000 pounds of smoke-cured army bacon in twelve-pound cans are outlined in a letter to Republican, Democratic and Socialist clubs in the sixty-two Assembly Districts of New York sent out by Dr. Day, Commissioner of Markets, to-day.

The price of the bacon is to be 35 cents per pound to the consumer. The price at which the same grade of bacon was obtained from the army was \$4.12 cents per pound wholesale.

Dr. Day in his letter said that the high cost of living is a topic in which political organizations are showing much interest, and that he therefore expects no hesitation in co-operation by them to get cheap foods to their members and constituents in the various districts.

Sales in the schools yesterday were \$71,000, divided as follows: Manhattan, \$22,000; Brooklyn, \$11,000; Bronx, \$12,000; Queens, \$12,000; Richmond, \$2,000. This, Dr. Day says, brings the total sales of army foods through public school stations to nearly \$2,000,000, with about 1,000,000 individual sales.

**\$555 TO GET \$1 BACK.**

Figures Show "Wild-Cat" Oil Stock  
Losses Are Heavy.

For every \$555 invested by the unsuspecting in Oklahoma oil wells in one year, the Business Men's Anti-Stock-Swinding League declared to-day in a statement issued at New York headquarters, there was obtained one dollar's worth of oil.

The plan and purpose of the Anti-Stock-Swinding League were endorsed to-day by Secretary of the Treasury Glass.

## WAR WELFARE BODIES DISBANDED BY BAKER

Army Will Take Over Work of  
Seven Associated Organizations on Nov. 1.

PROVIDENCE, R. I., Oct. 2.—The final demobilization of the civilian organizations that were engaged in welfare work with the army during the war was announced to-day in a letter from Secretary of War, Baker to Col. Harry Cutler, of this city, National Chairman of the Jewish Welfare Board. In his communication Secretary Baker says he has instructed his military associates "to establish an organization with the general staff, to be charged with the development and supervision of matters pertaining to education, recreation and moral training of officers and men of the service." This organization will undertake the functions of the seven affiliated welfare societies, Nov. 1, 1919, within the U. S. Mr. Cutler is requested to continue his work with the troops abroad for three or four months, until the army can take over the work.

Resigns as Assistant Prosecutor in the Bronx.  
Michael N. Delagi, Assistant District Attorney of Bronx County, who has been in charge of the prosecution of Italian prisoners in that borough, has resigned and will resume the practice of law at No. 112 Centre Street.

## FRENCH DECREE FORBIDS REMOVAL OF U. S. DEAD

WASHINGTON, Oct. 2.—The War Department is in receipt of many complaints from relatives of the soldier dead in France who are denied the right to transport the bodies of their loved ones to America. Many have gone to France for the purpose of making removals, only to find that President Poincaré had already issued a decree forbidding the transfer of the dead for three years.

The pledge of the War Department to return the American dead heroes to their native soil on the request of their relatives is recalled.

Lack of railroad transportation and lack of caskets are given as the chief reasons for the Poincaré decree.

## GEN. GRAVES STOPS RIFLES.

Holds Up Arms for Omsk Because of Cossack Attacks.

OMSK, Tuesday, Sept. 23 (Associated Press).—Major Gen. William S. Graves, commander of American forces in Siberia, in retaliation for alleged scurrilous articles published in a Vladivostok newspaper and hostile acts of Cossack chiefs in the Far East, has held up shipment of 14,000 rifles which recently arrived at

Vladivostok from America consigned to the All-Russian Government at Omsk. Giving notice of his action by telegraph, through Major Slaughter, his representative here, Gen. Graves, in forceful language declares he will personally cause the arrest of the offending editor and the suppression of the newspaper—the Omsk Rodnik—unless the Omsk Government does so.
